

## Decofon Prism

South African designed acoustic ceilings for the African market.

These attractive, smooth-surface ceilings provide exceptional acoustics to contribute to an aesthetic interior and rich ambiance.

## About Decofon® Prism

The Decofon® Prism Range is manufactured from Stonewool fibres and combines an aesthetic surface with ground breaking acoustics to enhance your interior design scheme.

Prism is available in a wide variety of colour tones & offers complete design freedom due to exposed & semi-concealed edge assortments.

**"decorative  
acoustic ceiling tiles  
available in a wide variety  
of colours"**

**See Technical for colour  
palette and edge  
assortment**

## Sound Absorption

Class A |  $\alpha_w$ : 0.90 | NRC: 0.90

Sound absorption has been measured in accordance with ISO354. Sound absorption data, and absorption class are calculated in accordance with ISO 11654.

## Fire Performance

Decofon® ceiling tiles have a Stonewool fibre core. Stonewool is non-combustible and provides fire protection.

Reaction to fire: Class A1

## Cleaning

The surface can be vacuum cleaned with a soft brush attachment.

Alternatively the surface can be cleaned using a damp cloth or sponge with a slight alkaline detergent.

## Environment

Decofon ceiling tiles are fully recyclable
